## Axel Light

Low voltage, Dimmable LED

3 watt G4 bulbs - 20 watt halogen equivalent, 50,000 hours

3000K color temperature, soft white

150LM

DC12 Volt

The standard dimension of the Axel Light is 20"x 30"x 18" with 12 lights. It is slightly adjustable. By articulating the lights arms one can alter its height. The standard stem length is 36". Hand blown glass shades available in clear, ocean green, and soft grey. Custom shade color, and stem length achievable.

Slightly smaller and larger light configurations possible. Inquiries welcome.
